Tim Irwin died in August 2020. He was an Olympic sailor, he was part of the group that brought the 1976 Sailing Olympics to Kingston, and one of the founders of Canadian Olympic Regatta Kingston (CORK) held in Portsmouth.

Tim was a terrific advocate for his community and a good neighbour. He was a valued member of the Portsmouth community and served several terms on the executive of the PDCA.

For many years, his was the voice of CORK echoing across the harbour during July and August. He developed good working relationships with City of Kingston staff and was able to effectively promote the interests of the community at City Hall.
